A number of men with teams have been doing work on the dam lately. Rip-Raping was put in to keep the water from washing the top off the dam and the spillway was raised two feet which will supply a great deal more water. Elias Hunt reports the dam in good condition for the coming season.

## MIDVALLEY

Midvalley, April 21, 1920.

Mr. and Mrs. Owen Matheson are receiving congratulations over the arrival of a baby boy to their home Monday.

Duayne Matheson, who worked at the Parowan Garage last winter, has secured a position at the Kopp Garage in Cedar.

Miss Violet Matheson who has held a position at the Iron County Telephone Co. switchboard in Cedar for the past year and a half came home Tuesday for a month's visit with her parents Mr. and Mrs. D. E. Matheson.

The Kumen Jones farm, a mile or so west of George Esplin's farm is disposing of large amounts of alfalfa this spring. Many of the farmers hereabouts having run short sooner than usual on account of the dry season last year.

Farmers here declare this is the wettest season we have had for years. The moisture is alright, of course, the only trouble is in getting onto the land to do anything. Alfalfa seed is rather scarce there will be a fairly large acreage of wheat planted in this vicinity. Horton Haight has about ten acres already showing green.

The way things are shaping, it appears to us that Enoch will soon be over here. Bishop Charles E. Jones recently purchased forty acres of dry land from G. W. Esplin and will farm there this summer. George W. Jones bought ten acres from Lorenzo Matheson in addition to the forty that he and Stanley Smith bought of Mr. Esplin. Mr. and Mrs. Smith will live at the Esplin farm this summer in order to be near their land. Randolph and Wm. Grimshaw have purchased the farm of Mrs. Aurelia Stevens who has gone to Mesa, Arizona with her family. The farm, which is four miles north of the Matheson brothers will be operated this summer by Geo. and Randolph Grimshaw and their father and mother, Mr. and Mrs. D. Grimshaw will live there with them.

## SAHARA

Sahara, April 19, 1920.

dance in the opera house last night. Though the crowd was small a jolly time was had.

Mr. and Mrs. Frank Zamboni and their two sons left for Los Angeles Tuesday, where they will make their future home. Mr. Zamboni was the former manager of the garage here.

The athletes of the Parowan High School are training every chance they

get for the track and field meet which is to be held at Cedar City a week from Friday. An indoor base ball game is also to be played between the B. A. C. girls and the girls of the P. H. S. If the B. A. C. girls play like they did when in Parowan it will be an easy game.

Since prohibition, a Chinese of San Francisco named Ah Why started a drug store. Ah, why?

## Remember when the first automobile came to town

TODAY there are more than 7,000,000 of them in the country. Pretty soon nearly everybody in this section will be traveling around in his own automobile.

## II

The first thing a man wants to know nowadays, when he starts out to buy a car, is *how much it is going to cost him to keep it running.*

It's all very well to take some dealer's word about a tire—if you know *who he is* and his *object* in selling it to you.

Our object in selling U. S. Tires is to have you *come back* for more—and *be glad*

that we sold them to you.

## III

U. S. Tires have a record behind them.

They are built by the people who perfected the *first* straight side automobile tire, who produced the *first* pneumatic truck tire.

Two of the greatest contributions to *tire* and *motor* economy ever made.

## IV

As representatives of the oldest and largest rubber concern in the world, we have a reputation to live up to. We can't afford to substitute "just as good" tires for tires of *standard quality.*

## We Need the Money

When Dr. Cook returned from the vicinity of the North Pole, claiming its discovery, he was met in Copenhagen by an American newspaper reporter to whom he told his story. After the recital was over, the reporter said:

"What proofs have you, Doctor?" "What proofs do you want?" the doctor countered.
